

## Chanticleer Photography Guidelines and Tripod Use Permission Form

Chanticleer appreciates your interest in photographing the garden. We encourage guests to take casual photographs and videos of their visit for their own personal use. Personal photography / photo / images / video and film footage taken at Chanticleer may not be used for commercial purposes. All photographers must sign this permission form.

We ask you to abide by the following guidelines while photographing the garden:

- Set up tripods on lawns or terraces not in garden beds, and account for visitor movement around you
- Wedding/Family/Engagement/Portrait photography is not permitted in the garden
- Portfolio photography for aspiring photographers and models is not permitted
- The use of props or signs is not permitted
- Follow the requests of all Chanticleer staff
- Respect the wishes of other guests
- Leave the garden as you found it

Please note that Chanticleer will not sign general releases giving blanket permission for stock agencies to use photos taken at Chanticleer. Extreme close-ups that are not unique and could be from locations other than Chanticleer can be used as desired.

I have read the above guidelines and agree that any photographs, video/film footage, and/or artwork I create at Chanticleer will not be used for advertising, or commercial products or services. Chanticleer will not sign general releases giving blanket permission for stock agencies to use photos taken at Chanticleer.
