## Chanticleer Photography Guidelines and Tripod Use Permission Form

Chanticleer appreciates your interest in photographing the garden. We encourage guests to take casual photographs and videos of their visit for their own personal use. Personal photography, photos, images, video and film footage taken at Chanticleer may not be used for commercial purposes. Commercial filming and photography require advanced written permission from the Executive Director.

All photographers must sign this permission form.

We ask you to abide by the following guidelines while photographing the garden:

- Portrait, Family, Wedding, and Engagement photography is prohibited.
- Set up tripods on lawns or terraces, not in garden beds, and account for visitor movement around you.
- Equipment (e.g. booms, lights, and reflectors) is prohibited.
- Follow the requests of all Chanticleer staff and respect the wishes of other guests.
- Leave the garden as you found it.
- All photography is at the discretion of Chanticleer.

Please note that Chanticleer will not sign general releases giving blanket permission for stock agencies to use photos taken at Chanticleer. Should your photos be used in any publication, please credit Chanticleer as the location. Any use, reuse, or reproduction by any means for commercial use without the express written consent of the Chanticleer is strictly prohibited.

Use of identifiable images of Chanticleer for editorial purposes is encouraged and location credit is required. Extreme close-ups that are not unique and could be from locations other than Chanticleer can be used as desired.

I have read and agree to the above guidelines.
